Once you select a Client Program you will be required to do a PC Check and will need to Pass the background check as required by the client. The \$30 background check lasts 36 months(3 years). So even if you chose to service a 2nd client there is only one background check fee. ***This background check is not required by our office or Arise but is required by the client.** Some clients also have drug tests. But after you pass the Assessment you will be able to see this information.

REMEMBER, these are real jobs so you have to treat them as such. Would you leave an Interviewer hanging, would you not take your background check, test or drug test if you wanted a job?

As you complete each prerequisite, you'll move on to the next one. After you've completed all of the prerequisite steps, you will receive a welcome letter from your Instructor shortly before certification begins that will give you directions on your next steps.
